

**Faculty Positions for Fall 2018**  
**Communication Studies and Design**  
**School of Arts, Humanities and Social Sciences**

**Faculty in Illustration (Open Rank), Communication and Design**

The Communication and Design program at Habib University invites applications for full-time or part-time permanent faculty members teaching Illustration. Candidates should locate their expertise broadly within Graphic Design and be able to teach additional courses in design theory or history. The appointment requires a terminal degree in an allied discipline with relevant professional or academic experience. Appointment is expected to begin August 1, 2018.

Online applications will be accepted at <https://habib.edu.pk/hu-careers/faculty-application-form/>. Please include in your application package: a **cover letter, curriculum vitae, statement of teaching philosophy and evidence of teaching effectiveness** if available. Candidates should also be prepared to submit a **design portfolio, representative publications, and/or the names and contact details for three references**.

**About Communication and Design**

Habib University's Communication and Design program embodies a rich mix of theory and practice to produce imaginative leaders and practitioners in the field of communication. It combines a transdisciplinary approach to learning with specialized training in media and communication studies, graphic design, and filmmaking. It ties in with the overall vision of the School of Arts, Humanities and Social Sciences at Habib University - to set a new international standard for interdisciplinary liberal arts education. For more information about our program, visit <https://habib.edu.pk/academics/ahss/comm-design/>.

**About Habib University**

Habib University is a global institution of higher education located in Karachi, Pakistan. It is an undergraduate liberal arts and sciences institution that welcomed its first class of students in Fall 2014. Its liberal arts and sciences framework offers its students the breadth and depth of knowledge in the humanities, social sciences and the natural sciences through a rigorous Core Curriculum, coupled with intensive knowledge in the disciplines, a host of technical skills and vital soft skills, qualities that are highly expected of graduates trained for the global workplace.
