Habib University is a global institution of higher education located in Karachi, Pakistan. It is an undergraduate liberal arts and sciences institution that welcomed its first class of students in Fall 2014. Its liberal arts and sciences framework offers its students the breadth and depth of knowledge in the humanities, social sciences and the natural sciences through a thorough Core Curriculum, coupled with intensive knowledge in the disciplines.

The Electrical Engineering program at Habib University is designed to impart rigorous technical knowledge, combined with hands-on experiential learning. Significant exposure to the Core Curriculum will prepare graduates for achieving excellence in their profession, while being cognizant of the social and environmental implications of their work. It ties in with the overall vision of the School of Science and Engineering at Habib University – to be an agent of positive change in society through excellence in locally contextualized and globally competitive science and engineering education.

The program is inviting applications for faculty positions from candidates with expertise in Analog and Digital Communication and Power Electronics. Appointment is expected to begin August 1, 2016.

Successful candidates will bear the following profile:

- Doctoral degree
- Excellent teaching and scholarly credentials
- Passion for undergraduate education
- Intellectual curiosity
- Ability to work well in teams in an interdisciplinary environment

Applications from female candidates are highly encouraged to achieve gender equity within the School. Experience of having studied and/or worked in a U.S. style, liberal arts environment would be highly preferred.

Online applications will be accepted at http://habib.edu.pk/hu-careers/open-faculty-positions/.

The application package must include the following:

- Cover letter
- CV
- Statement of teaching interest
- Statement of research interest
- Representative publications
- Sample syllabi
- Three letters of recommendation
