

REPLICATING SILICON VALLEY *in the* INDUS VALLEY

IN THE NEO-TECH-AGE, SILICON VALLEY DERIVES ITS HUB STATUS BY ACTING AS A MELTING POT FOR THE **BEST TALENT, MENTORSHIP** AND **FUNDING FOR INNOVATIVE IDEAS**. CREATING SUCH A FERTILE AND SELF-REINFORCING ECO-SYSTEM FOR ENTREPRENEURSHIP IS ARGUABLY A DIFFICULT TASK AND REPLICATING IT IN OTHER PARTS OF THE WORLD PRESENTS ITS OWN UNIQUE CHALLENGES.

IS IT A NATURAL PHENOMENON PARTICULAR TO THAT REGION?

OR IS IT THE RESULT OF A CULTURE THAT HAS PERSISTENTLY EXPERIMENTED WITH INVESTMENTS IN CUTTING-EDGE TECHNOLOGY?

ANSWERING THESE QUESTIONS CAN PROVIDE CLUES ON CONTEXTUALIZING A TECH-ENTREPRENEURIAL CULTURE FOR THE PAKISTANI STARTUP LANDSCAPE, WHICH IS ALREADY LOCATED IN THE HEART OF A PAST-TIMES HUB I.E. INDUS VALLEY.
