

Faculty Positions for Fall 2017
Computer Science Program
School of Science and Engineering

[Habib University](#) seeks faculty applications for its [Computer Science program](#) in the [School of Science and Engineering](#). The program is designed to educate students in the theory, systems, and applications of Computer Science in order to enable them to make impactful contributions to society and prepares them for success in entrepreneurship, higher education, and industry. Significant exposure to the Core Curriculum will prepare graduates to be agents of positive change in society through excellence, in locally contextualized and globally competitive science and engineering education.

The program is inviting applications for multiple, open-rank positions from candidates with expertise in topics related to **Big Data, Security, and Computer Systems**; specifically **Computer Networks** and **High Performance Computing**. Successful candidates can anticipate the course load not to exceed five courses over the whole academic year (two semesters). Appointment is expected to begin August 1, 2017. Candidates in the final stages of their Ph.D. may also apply.

Successful candidates will bear the following profile:

- Doctoral degree
- Excellent teaching and scholarly credentials
- Passion for undergraduate education
- Intellectual curiosity
- Ability to work well in teams in an interdisciplinary environment

The program prioritizes gender equity in its student as well as faculty body. **Female candidates are especially encouraged** to apply. Experience of having studied and/or worked in a U.S. style, liberal arts environment would be highly preferred.

[Habib University](#) is an institution of higher education located in Karachi, Pakistan. It is an undergraduate liberal arts and sciences institution that welcomed its first class of students in Fall 2014. Its liberal arts and sciences framework offers its students the breadth and depth of knowledge in the humanities, social sciences and the natural sciences through a rigorous Core Curriculum, coupled with intensive knowledge in the disciplines, a host of technical skills and vital soft skills; qualities that are highly expected of graduates trained for the global workplace.

Application material can be submitted via the [online faculty application process](#). Please ensure your application package is complete at the time of submission and includes the following: cover letter, CV, statement of teaching interest, statement of research interest, representative publications, sample syllabi and three letters of recommendation. Incomplete applications will not be accommodated.
