

Faculty Positions for Fall 2017 Integrated Sciences and Mathematics School of Science and Engineering

<u>Habib University</u> seeks faculty applications for its Integrated Sciences and Mathematics program in the <u>School of Science and Engineering</u>. The program is an endeavor that enriches the student experience by offering diverse courses in Natural Sciences and Mathematics. This not only adds depth to the Science and Engineering curriculum, but also enables students from all disciplines to get a greater exposure towards various scientific disciplines that prepare them to understand and participate in key issues including global warming, energy, environmental issues, and health.

The program currently offers minors in Physics and Mathematics, and is inviting applications for multiple, open-rank positions from candidates in **Physics, Mathematics** and **Environmental Sciences**. Successful candidates can anticipate the course load not to exceed 3-2. Appointment is expected to begin August 1, 2017. Candidates in the final stages of their Ph.D. may also apply.

Successful candidates will bear the following profile:

- Doctoral degree Excellent teaching and scholarly credentials
- Passion for undergraduate education Intellectual curiosity
- Ability to work well in teams in an interdisciplinary environment

Applications from female candidates are highly encouraged to maintain gender equity within the School. Experience of having studied and/or worked in a U.S. style, liberal arts environment would be highly preferred.

<u>Habib University</u> is an institution of higher education located in Karachi, Pakistan. It is an undergraduate liberal arts and sciences institution that welcomed its first class of students in Fall 2014. Its liberal arts and sciences framework offers its students the breadth and depth of knowledge in the humanities, social sciences and the natural sciences through a rigorous Core Curriculum, coupled with intensive knowledge in the disciplines, a host of technical skills and vital soft skills; qualities that are highly expected of graduates trained for the global workplace.

Application material can be submitted via the <u>online faculty application process</u>. Please ensure your application package is complete at the time of submission and includes the following: cover letter, CV, statement of teaching interest, statement of research interest, representative publications, sample syllabi and three letters of recommendation. Incomplete applications will not be accommodated.
