Announcement of Faculty Positions
Social Development & Policy Program
School of Arts, Humanities & Social Sciences

The [Social Development and Policy Program](#) at [Habib University](#) invites applications for open rank faculty positions in **Development Studies, Economics (including Agriculture, Climate Change and Energy), Education, Political Science, Public Policy, Sociology and Urban Studies**. Candidates are expected to be sufficiently familiar with interdisciplinary approaches to social problems and should be ready to use such approaches in their instruction and research activities.

While the program is flexible in terms of specific areas of research specialization, the program is particularly interested in candidates who have conducted critical interdisciplinary research in various complex problems in emerging economies like lack of education, economic and health security. The ability to teach quantitative research methods would be a definite plus. In addition to being committed scholar-mentors in a student-centered undergraduate liberal arts university, successful candidates will be expected to actively participate in strengthening the Social Development and Policy program. Once on board, faculty should also anticipate supporting the Habib Liberal Core.

Depending on credentials and experience, candidates will be considered at the Assistant Professor or Associate Professor ranks as appropriate. Successful candidates will teach courses and help shape academic pathways at the undergraduate level. The annual teaching load is 5 three-credit courses.

Located in the world's third largest city - Pakistan's highly affordable, bustling, diverse and dynamic artistic, commercial and intellectual capital of Karachi, Habib University opened its award-winning modern campus in fall 2014 as Pakistan's first university of liberal arts and sciences devoted exclusively to undergraduate education. Classes are typically under 25 students - allowing close interaction between students and faculty. The University prides itself both on its needs-blind admissions policy - assuring access to all qualified students - and the quality and dedication of its increasingly diverse international faculty - over 93% of whom hold advanced degrees from leading global institutions. The University also enjoys close connections with several prominent institutions of higher education in the U.S., including the Claremont Colleges, Stanford, UC Berkeley, the University of Michigan and Texas A&M. An innovation in Pakistani higher education, Habib University is also among a handful of global institutions actively rethinking what defines the liberal arts and sciences in the 21st Century.

All interested candidates can apply through our [online application portal](#). The application package must include the following:

- Cover letter
- CV
- Statement of teaching and research interest
- Representative publications
- Sample syllabi
- Three letters of recommendation
- Students Evaluation (if available)

Appointment is expected to begin by **January 1** for **Spring 2022**.

Habib University is committed to an inclusive and diverse community, and we strongly encourage applications from female candidates to maintain gender equity within the University. Experience of having studied and/or worked in a U.S. style, liberal arts environment would be highly preferred.
